Sat., Mar. 3-4. Katahdin

Sat., Mar. 17. Mount Washington

Come join the AMC Maine Chapter for the Advanced Winter Hiking Series for Winter 2011 - 2012. This series is intended for experienced winter hikers who can demonstrate previous winter experience and knowledge in New England. The AMC Maine Chapter's experienced leaders will organize and guide the trips, which are weather and conditions dependent. The series includes trips which range from moderate to difficult in ability. It is not necessary to attend all trips, though each trip will have minimum requirements for previous experience, gear, and fitness level. These trips are free and open to the public. Please see [www.amcmaine.org/calendar](http://www.amcmaine.org/calendar) for more information and contact the listed leaders to sign up for individual trips.
