Circum-navigating the Atlantic Ocean

Come join us on Monday, March 16, 2009 as Gust and Jan Stringos present on their circum-navigation of the Atlantic Ocean by sail! In 2005, Gust and Jan set out to sail around the edge of the Atlantic Ocean, looping from Maine to the Azores, Madeira, the Canary Islands, the Caribbean, and home to Maine. They made this incredible journey on their 36 foot sloop, Bluebird, and more details of their experience can be found at www.bluebirdsail.com. This event will be of interest to anyone who enjoys stories of great adventures and would like to experience the Atlantic vicariously from the safety of a chair. This event is free and open to the public.
