

BPA ISSUES AND TREKKING NEW ZEALAND

Tuesday, December 2, 2008

Curtis Memorial Library, 22 Pleasant Street, Brunswick

Potluck Dinner at 6 pm, Presentation at 7 pm

ENVIRONMENTAL
HEALTH
STRATEGY CENTER

Learn the about the risks of BPA in drinking bottles and alternatives to #7 Plastic.

Mount Cook, New Zealand

Please join us on Tuesday, December 2, 2008 for two presentations with a great mix of education and entertainment. Steve Taylor, of the Environmental Health Strategy Center will give a presentation on the potential health issues associated with BPA (a.k.a. Bisphenol A) which is commonly contained in many plastic drinking bottles, including Nalgene products popular with hikers. Steve's presentation with the most current information on this issue which should be of interest to all outdoor enthusiasts. Finish up the evening with a great presentation by AMC members Cam and Julie Weaver on their recent trip to New Zealand. Julie and Cam will share their experiences exploring the diverse climates and ecology of this beautiful and isolated part of the world.
